Theft from cars and other vehicles

When leaving your car make sure you:

- Think about where you park and choose a safe place where people can see any activity.
- If using a public car park try and use a "Parkmark" car park <http://www.parkmark.co.uk/>.
- Don't leave valuables on display in the car, i.e. Sat Nav's, cameras, expensive sunglasses, and money or designer clothes.
- Don't leave a bag on the seat, even if it only contains your gym stuff, the thief does not know that until he has damaged your car to find out.
- Clean the ring off the window left by the Sat Nav cradle or any other evidence of a removable electronic device being in the car.
- Be aware of those around you when you park, is someone watching you hide something away?
- Lock your car, and don't rely on the remote, physically check that it has locked even when on your driveway.
- Check your car is secure before you turn in of a night time in case a window was left open (it is also worth checking that someone has not left the interior light on, you don't want to come out to a flat battery).
